AFFILIATE PROGRAMME · AMANORSAC.STUDIO/AFFILIATES

Your people get 10% off. You keep 20%. Every app is yours.

If you teach keys, lead a worship team, run church sound, make music, or just have people who ask you what you use: this is a code and a link with your name on them, and a cut of every sale they make.

10%

off for your people. Anyone who types your code at checkout, or arrives through your link, pays less.

20%

of what they pay, to you. On every app and plug-in in the store, every time, with no cap.

30 days

of memory. Your link is remembered for a month, so a sale next week still counts.

Every app

on your account, licensed 90 days at a time and renewed for as long as you are in the programme. Show the real thing.

Paid once a month by PayPal or MTN MoMo once you reach $25, with a dashboard that shows your clicks, your sales and what you are owed. Sales in cedis earn in cedis. You also hear about the coming apps first.

A free app earns no commission by itself. A person who arrives through your link and buys anything within 30 days does.

SIX STEPS

How to join

1. **Make a free account** at amanorsac.studio/client, with the email you want to be paid at.
2. **Make one short video** of any of the apps, shown the way you would show it to your audience. Any length, any platform. No app yet? Tell Stephen which one and it goes on your account the same day.
3. **Apply** at amanorsac.studio/affiliates: your name, where you post, who follows you, the video link, and your PayPal email or MoMo number.
4. **Get your code.** The approval email carries it, for example NENE10, and your link, amanorsac.studio/chordlight88?ref=NENE10. Every app in the store is on your account from that moment.
5. **Share it**, and say it is an affiliate link wherever you do. The code is for your audience: no coupon sites, no ads on the studio's name.
6. **Watch your dashboard** at amanorsac.studio/affiliate. Earnings clear 14 days after the sale and are paid monthly once they reach $25.

The rules, in plain words

- **Say it is an affiliate link.** "Affiliate link, I earn a commission" is enough. The FTC and every platform require it.
- **Say true things.** Describe the apps as they are. The studio's pages and videos are yours to use.
- **Your own purchases earn nothing.** Your code still works for you as a discount.
- **Refunds come back out.** A refunded sale comes off what you are owed.
- **Your licences last while you do.** Renewed 90 days at a time while you are in the programme; anything you bought stays yours.
- The full agreement is at amanorsac.studio/legal, section 2.8.
